Proclamation

by Governor Jim Justice

Whereas, school service personnel are involved in nearly every aspect of education by maintaining buildings and grounds, preparing and serving meals, keeping school facilities clean and orderly, and assisting in the classroom, as well as providing administrative support functions, safe transportation, and many other specialized services; and

Whereas, school service personnel are instrumental in West Virginia's responsibility to educate all students; and

Whereas, these dedicated individuals serve the children of West Virginia in our public education system and have an important role of non-instructional service to the educational system; and

Whereas, it is fitting we recognize the outstanding work these individuals do for this state, their communities, and the students enrolled in West Virginia schools.

Now, Therefore, Be it Resolved that I, Jim Justice, Governor of the Great State of West Virginia, do hereby proclaim *September 25, 2017* as:

West Virginia School Service Personnel Day

in the Mountain State and encourage all citizens to join me in this observance.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of West Virginia to be affixed.

Done at the Capitol, City of Charleston, State of West Virginia, this the First of August, in the year of our Lord, Two Thousand Seventeen, and in the One Hundred Fifty-Fifth year of the State.

Jim Justice
Governor

By the Governor:

Mac Warner
Secretary of State

Tired of
the same online professional
development? WVCPD is launching a series of online Infusing Technology courses
that will provide useful resources for ALL educators and promote student learning.
Our next self-pace, online classes are:

**Digital Tools to Promote Family Engagement and Student Success:
August 28 – October 9, 2017**

**Digital Formative Assessment to Engage Your Students:
September 18 – October 30, 2017**

**Tools and Tricks of Office 365 for Teachers:
October 2 – November 13, 2017**

**Technology Tools Every Educator Needs:
November 6 – December 18, 2017**

**Digital Creativity and Collaboration to Enhance Student Projects:
January 8 – February 19, 2018**

**Web Tools to Encourage and Support Reading and Writing:
February 5 – March 19, 2018**

Each course will last six weeks and can be worked through at participants' own pace. Principals and teachers will receive 15 hours of PD for each course and have an opportunity to earn 3 hours of graduate credit if they complete 3 of the online courses. The graduate credit will be documented for the Spring 2018 semester and can be used toward certification renewal.

Registration and more information can be located at the following link:

[Click here for Infusing Technology's Online Courses](http://www.wvcpd.org/cmswiki.aspx?name=infusingtechnonline)

College Application and Exploration Week

West Virginia's eighth annual College Application and Exploration Week will be held November 6 – 10, 2017. College Application and Exploration Week is one of CFWV's three annual college-planning milestone events. Hundreds of elementary schools, middle schools, high schools and adult basic education classes across West Virginia participate each year.

College Application and Exploration Week is a chance for the entire school community to discuss college options and to promote college-going.

To be recognized as an official participant, schools must register before September 15. Typically, the school counselor serves as the event coordinator and registers the school.

Attendance Awareness Month kicks off on Friday,

September 1! This year's theme, **Engagement = Attendance**, is intended to emphasize the important role everyone can play in creating a welcoming and engaging school environment that motivates students to attend school every day. We're asking schools to participate and lead the way in sending the powerful message that attendance matters!

SEPTEMBER

Explore the past and glimpse the future at ...

NASA Langley's Centennial Open House

9 a.m.-4 p.m. Saturday, October 21, 2017

NASA's Langley Research Center cordially invites the public to see where aerospace history was made and where the triumphs of tomorrow are taking shape now.

In celebration of the 100th anniversary of the center's founding, visitors are invited to enter Langley's gates and tour unique research facilities including wind tunnels, laboratories and a historic aircraft hangar.

Visitors will be able to see where pioneers from the golden age of aviation forged revolutionary ideas and where America's original astronauts, the Mercury 7, started their training.

This large-scale open house will showcase contributions past and present while also looking toward the future. For example, today, Langley is making significant contributions to NASA's Journey to Mars, gathering valuable data on Earth's atmosphere and developing concepts intended to restore the capability for supersonic flight over land.

The daylong open house will feature facility tours, lectures and hands-on activities both indoors and outdoors. There also will be a special "Kids Zone" for our young explorers.

The event is open to the public. Admission is free.

The facility today known as NASA's Langley Research Center was founded July 17, 1917.

It is the agency's first field center and the nation's first civilian aeronautical laboratory. In its Centennial year of 2017, NASA Langley is celebrating its storied legacy and soaring future with special events and activities.

To learn more about Langley's Centennial and to stay abreast of details related to the upcoming open house, visit:
