

# Wyoming County Sweep Screening Notice

Wyoming County Schools will be conducting speech/language, vision, and hearing screening for all students entering the school system for the first time. All first grade students will be screened in the area of speech and language. Additionally, fourth grade students will be screened for vision.

The screening will enable the county school system to identify children who may have vision, hearing and/or speech problems. The following procedures will be used: Titmus Vision Screening, Pure Tone and Impedance Audiometry, Teacher Made Materials, and Speech-Ease Screening Inventory.

Your child will be given a note to bring home on the day of the screening giving you the results. If you object to your child participating in this important screening, please notify your child's principal in writing immediately. If you have questions, call Wyoming County Schools Special Services Department at 304-732-6262, ext. 1201 or 1203.
