Service Personnel of the Year

On the following page is a list of candidates for the Teacher of the Year and Service Personnel of the Year for Wyoming County Schools.

The West Virginia State Thespian Festival was held March 22-24 at Parkersburg. Both Westside High and Wyoming East High participated.

Kylee Boyce and Cameron Cook of Wyoming East High were named to the All Festival Cast.

Alyssa Green and Sydney Walker of Westside High were selected as Best Duo Scene. Alyssa and Sydney received a Superior Rating and qualified for the International Thespian Festival at the University of Nebraska.

Jacob Lester and Dustin Trent of Westside High were selected as Best Duo Musical. Jacob and Dustin received a Superior Rating and also qualified for the International Thespian Festival.

Molly Stanley of Westside High received a Superior Rating and qualified for the International Thespian Festival.

All County Band

March 27-29, 2018

The annual All County Band Festival was held at Westside High School March 27-29. Middle and high school band students from across the county received instruction from guest conductors and practiced for three days. The event culminated with the All County Band Concert on Thursday at 6:00 p.m.

Guest conductors were Mr. David Kade and Mrs. Julia Kade. Both guest conductors are retired after successful careers as music and band teachers.

Assisting with the All County Band Festival were Wyoming County band directors Lisa Adkins, Chris Baber, Barry Chambers, Sam Dobson, and Matt Mitchell.

A list of all students participating can be found in **Bulletin attachments**.

From the
West Virginia Department of Education
State Superintendents' Update
March 16, 2018 edition

Calling All Middle and High School Science Educators!

The Independent Oil and Gas Association of West Virginia (IOGAWV) is sponsoring a Science Teacher Seminar June 19-20, 2018 at Embassy Suites in Charleston, WV and you are invited to attend! The

conference will provide training materials to enhance lesson plans and labs relating to geology and oil and gas composition, extraction and production and how these natural resources impact our everyday living. There is no cost to attend this conference. Lodging at the Embassy Suites and all meals are included, plus attendees will receive a \$200 stipend. To receive CEU credit, you will need to contact your county for information on approved credit for this workshop. Additional information is [attached](#). (See **Bulletin attachments**!) To reserve your seat, please return the registration form that is included on the attachment or contact Lori Smith at 304-344-9867.

"One mark of a great educator is the ability to lead students out to new places where even the educator has never been."

--Thomas Groome

Personnel Protocols

Please call Mrs. Stacey Lusk-Butcher, Director of Personnel and Assessment, at ext. 1121, or email her at slusk@k12.wv.us if you have any questions regarding personnel matters.

When applying for positions, it is the responsibility of the applicant to provide all necessary information regarding qualifications (transcripts, certification, permit eligibility, etc.) for the positions in which they wish to be considered.

WORKSHOP

REGISTRATION

LOCATION

Tuesday, June 19 - Wednesday, June 20, 2018; Check into the Embassy Suites, 300 Court Street, Charleston, WV 25301 after 4:00 p.m. on Tuesday. The free teacher workshop includes: overnight accommodations, meals, curriculum, "hands-on" sessions, evening social gathering, a \$200 stipend and much more!

REGISTRATION & CANCELLATION POLICY

The workshops are limited to the first 50 registrants (sorry, no home school educators at this time). Each registrant will receive a confirmation letter or email. In the event you must cancel your registration, please let us know at least 14 days PRIOR to the workshop so that IOGAWW can promptly fill your position with someone on the wait list.

WORKSHOP CEU CREDITS

You will need to check with your county for information on approved credits for this workshop.

DAY ONE OF WORKSHOP

4:00 PM - Hotel check-in opens at Embassy Suites, 300 Court Street, Charleston, WV. The Embassy Suites shuttle will provide transportation to the 5:30 p.m. reception at the Clay Center for the Arts & Sciences; during the reception, attendees can tour the Energy Bus and the TransCanada Room. At 7:00 p.m., a sit-down dinner will be provided, and various industry experts will speak during dinner. Instructions for your overnight accommodations at Embassy Suites will be provided to each registrant with your registration confirmation.

DAY TWO OF WORKSHOP

8:00 AM - Registration / Continental Breakfast

8:30 AM - Workshop Begins

Special industry guest speakers, experiments and internet activities conducted throughout the day.

- **Formation: Are fossil fuels renewable or non-renewable?**
Experiments show how the earth "cooked" (heat and pressure) ancient plant and animal life to create fossil fuels. Create info graphics about geologic time and rock cycle.
- **Migrating & Trapping: Is crude oil and natural gas found in large lakes underneath the earth's surface?**
Experiments show how crude oil and natural gas are trapped in porous rocks. Create 2D and 3D rock models to demonstrate porosity and permeability.
- **Exploration: How do we find these valuable fossil fuels?**
Use contour mapping to look below the earth's surface and "see" rock formations. Create models and calibrate measurements using blank grids.
- **Drilling & Well Stimulation: How do we recover crude oil and natural gas?**
Use engineering design to create two models: a weight-bearing derrick and a working oil well applying principles related to porosity, permeability and flow of fluids to the surface.
- **Producing: What happens to crude oil and natural gas once it is produced? How is it transported?**
Create a model pipeline and pipeline "pig" and apply principles of force, motion, velocity and engineering design.
- **Refining: How are crude oil and natural gas liquids (NGLs) transformed into useful products?**
Use the chemistry distillation procedure to demonstrate the refining process. Follow lab safety procedures, collect data and understand the industry applications.
- **Petrochemicals & Products: What other products besides transportation fuels are made from crude oil and natural gas?**
Explore a few of the 6,000 petroleum-based products. Design and implement a materials test for different petrochemical-based fabrics.

Lunch will be provided.

ABOUT

The goal of the workshop is to help foster energy education by connecting science education to the energy industry. During the workshop, each teacher will receive resource materials, lesson plans, internet links and activities, plus a few other special surprises! Seven learning stations will include hands-on experiments, background information, industry guest speakers, graphic organizer ideas, internet activities and career connections. The free teacher workshop includes: overnight accommodations, meals, curriculum, "hands-on" sessions, evening social gathering, a \$200 stipend and much more!
