

Grades for First Nine Weeks, 2020

Due to the recent closure of schools and extended remote learning days, students will receive a first grading period progress report instead of a first nine weeks grade card for each class. This is in effect for students attending school on site and virtually.

The first grading period has been extended two weeks. All assignments for the first grading period need to be submitted to teachers by Friday, November 13. Progress reports for the first grading period will be mailed home on Friday, November 20.

If you have questions, please contact your child's school.

Thank you.
