

## WYOMING COUNTY BOARD OF EDUCATION, September 8, 2020

### STATE OF WEST VIRGINIA

### COUNTY OF WYOMING, TO-WIT:

A call for a regular meeting of the Wyoming County Board of Education was held on Monday, September 8, 2020, at 6:00 p.m., at the Wyoming County Board of Education Central Office, 155 Park Street, Pineville, West Virginia. Those in attendance were Michael R. Prichard, President; Allan R. Stiltner, Vice President; and Morgan K. "Mike" Davis, Douglas E. Lester, and Richard A. "Richie" Walker, Members. Deirdre A. Cline, Superintendent, was also in attendance. The agenda for the meeting was as follows:

1. Individuals or Groups of the Community at Large Wishing to Address the Board
2. Consent Agenda
  - A. Minutes, Board of Education Meetings: August 20, 2020, and August 31, 2020
  - B. Extracurricular, Special, Fundraising and Bus Requests
  - C. Budget Supplements and Transfers
  - D. Payment of Invoices
3. School Safety and Security
4. Review of Proposed NEOLA Policy Changes
  - A. Policy 0164: Notice of Meetings
  - B. Policy 0168: Minutes
  - C. Policy 1110: Establishment/Assessment of County Goals
  - D. Policy 2111: Parent and Family Involvement
  - E. Policy 2114: Meeting State Accountability Measures
  - F. Policy 2120: District and School Improvement
  - G. Policy 2120.01: Local School Improvement Council
  - H. Policy 2230: Program of Study Early Learning Programs Grades Pre-K - 5
  - I. Policy 2230.01: Program of Study Middle Level Education
  - J. Policy 2230.02: Program of Study High School Program (Grades 9-12)
  - K. Policy 2261.03: District and School Report Card
  - L. Policy 2412: Homebound/Hospital Instruction Program
  - M. Policy 2600: Educational Program
  - N. Policy 3120.12: Substitutes in Areas of Critical Need and Shortage
  - O. Policy 3122: Nondiscrimination and Equal Employment Opportunity
  - P. Policy 3217: Weapons
  - Q. Policy 3420: Benefits
  - R. Policy 4120.01: Food Service Personnel
  - S. Policy 4122: Nondiscrimination and Equal Employment Opportunity
  - T. Policy 4130: Assignment of Transfer of Service Personnel
  - U. Policy 4160.02: Physical Examination for School Bus Operators
  - V. Policy 4217: Weapons

- W. Policy 4220: Staff Evaluation
- X. Policy 4420: Benefits
- Y. Policy 5113: Open Enrollment for Nonresident Students
- Z. Policy 5113.02: School Choice Options
- Z.1: Policy 5330: Use of Medications
- Z.2: Policy 5500: Student Code of Conduct
- Z.3: Policy 5772: Weapons
- Z.4: Policy 6114: Cost Principles - Spending Federal Funds
- Z.5: Policy 6153: Collection Policy for Outstanding Participant Meal Accounts
- Z.6: Policy 6325: Procurement - Federal Grants/Funds
- Z.7: Policy 7217: Weapons
- Z.8: Policy 7440.01: Video Surveillance and Electronic Monitoring
- Z.9: Policy 8600: Transportation
- Z.10: Policy 8600.04: Bus Operator Certification
- Z.11: Policy 8640: Transportation for Curricular/Co-Curricular and Extra-Curricular County-Sponsored Trips
- Z.12: 8660: Transportation of Students by Private Vehicle
- 5. Summer Feeding Update
- 6. Consideration of Bids Received: Cleaning Supplies
- 7. Wyoming County Schools COVID-19/Coronavirus Plan of Action/Update
- 8. Personnel List
- 9. Items for Future Agendas and Announcements

Mr. Prichard called the meeting to order and asked Ms. Rebecca Cooke, Assistant Superintendent of Elementary and Middle Schools, to give the invocation.

The Board, along with those in attendance, then recited the Pledge of Allegiance, led by Ms. Robin Hall, Assistant Superintendent of Secondary Schools.

**Individuals or Groups of the Community at Large Wishing to Address the Board:** Mr. Prichard asked if there was anyone wishing to address the Board.

Mrs. Cline said Dr. Joanna Bailey, MD, from Tug River Health Association, is in attendance and would like to address the Board.

Dr. Bailey said she is a physician at Tug River Medical Center. She said she was born and raised in Wyoming County, attending school in Pineville. She said she attended West Virginia University after high school and completed her undergraduate, medical degree, and residency in Morgantown. Dr. Bailey said she wanted to return home to provide care to the people and communities she loved. She said she is proud to be a physician for Tug River and to be able to provide services to those that might not otherwise

receive healthcare. She provided statistics on health issues in Wyoming County. She said many students don't have access to healthcare due to a number of reasons, including no insurance, lack of transportation, and home dynamics. She said it is proven that a healthy child is able to learn and perform better in school. Dr. Bailey reviewed the benefits of school-based health clinics with the Board. She said in recent weeks, the mobile health unit has provided immunizations for 61 students. She said she was very disappointed in the Wyoming County Board of Education's decision to discontinue the working relationship between the BOE and Tug River Health Association. Dr. Bailey said she wasn't aware that it was up for reconsideration, or she would have been in attendance to advocate for the much needed program for the students. She said the fact that private practices felt threatened by the mobile health unit and the immunization clinics does not change the needs of the students of Wyoming County. She reminded the Board they have no obligation to private businesses, nor to Tug River, and that their only obligation is to the students of Wyoming County. Dr. Bailey said as a physician, community member, and most importantly a mother of a Wyoming County student, she urges the Board to reinstate the partnership between Wyoming County Schools and Tug River. She asked the Board to place the partnership on the next Board meeting agenda, so discussion could be had on the topic. She also urged the Board Members to consider offering a live stream of the Board meetings to keep the community better informed. Dr. Bailey thanked the Board for their time and consideration on the matter.

Mr. Prichard asked how many clinics Tug River had in Wyoming County.

Dr. Bailey said they have a total of 5 clinics, with only one being in Wyoming County.

Mr. Prichard asked for confirmation on the total number of students serviced at the immunization clinics.

Dr. Bailey said there were 61 students that received immunizations at the mobile

clinics held in Wyoming County.

Mr. Prichard asked how many sites or schools were visited to reach that total.

Dr. Bailey said six locations were visited, for one day each, to serve the 61 students.

Mr. Davis asked how many students had been served in McDowell County.

Dr. Bailey said she didn't have that information with her, but would be happy to provide those numbers to the Board.

Mr. Prichard asked of the 61 students that received services, what were the reasons that prevented them from coming to the Tug River clinic in Pineville.

Dr. Bailey said transportation in rural West Virginia is a definite issue. She said without public transportation, many of her patients have to pay someone to bring them to the doctor. She said there are also a number of students that have parents with conflicting responsibilities, which prevents them from being able to get their children to the doctor's office. She said there are also many grandparents who are raising their grandchildren in Wyoming County.

Mr. Prichard asked Mr. Davis if the individual, who had contacted him regarding their private business being hurt through the partnership between Wyoming County Schools and Tug River, had contacted him after the last meeting.

Mr. Davis said he has not heard back from that individual.

Mr. Prichard asked if that individual had shown up for a Board meeting to discuss the topic.

Mr. Davis said that individual has not attended a meeting.

Mr. Prichard said if this partnership or service has effected their private business, and they are concerned, they need to address the Board.

Several Board Members were in agreement that they expected a much larger

number of students already receiving services for there to have been a complaint.

Mr. Prichard asked what town this private business that was seeing negative effects of this partnership was located.

Mr. Davis declined to provide that information, stating the individual asked the call to remain confidential.

Dr. Bailey said the goal with the agreement between the BOE and Tug River is to provide services at the school for students that would not be able to receive care otherwise. She said school-based health clinics have been very successful in many locations since the 1960s.

Mr. Prichard asked if there was anyone present from Family Healthcare.

There were no representatives present from Family Healthcare.

Mr. Davis said he spoke with Dr. Bailey last week by telephone regarding the Board's decision to discontinue the relationship with Tug River. He said if the only goal of Tug River is to reach students that would otherwise not have access to healthcare, how could the Board not allow it. He asked for an estimate on the number of students that received immunizations from the mobile clinics in McDowell Clinic.

Dr. Bailey said a rough estimate is 10 patients in a half day clinic. She said these clinics do not see large volumes of students, but they are there when the need is present.

Mr. Davis said he feels the Board is on the same page as Tug River, as far as providing healthcare to students in need; however, he thinks the promotion and advertisement of the immunization clinics was wrong. He said no Board of Education should be advertising for any business. He said it would be wrong if both business were privately owned, but it's worse when one of them is a non-profit. He said Tug River does not pay taxes in Wyoming County and they receive government subsidies. Mr. Davis said all of that aside, if the only goal is to provide healthcare to students that would otherwise

go without, he doesn't see an issue with the partnership, but he does not want to promote one business over another.

Dr. Bailey said she needed to make it clear that Tug River wants to provide a service for the students in Wyoming County Schools. She said they are not looking for a great deal of reimbursement through this program. She said Tug River is lucky to break even on their school-based clinics in other counties. She said that while Tug River is a non-profit, any income generated gets re-infused into the community. She said that while, yes, they will be seeing patients in the school-based clinics, they want to provide the healthcare, not generate an income.

Mr. Stiltner said it is evident that they are not doing it to take patients, or generate income, by the total number seen at the immunization clinics.

Dr. Bailey said the mobile health unit has a lot of overhead costs to operate.

Mr. Stiltner said the Board's number one objective is students.

Mrs. Cline said the immunization clinics provided by the mobile unit were for 4 hours only, at each location.

Mr. Prichard said with the flyer saying adults could also be seen and the locations of the immunization clinics, it made people question their intent.

Dr. Bailey said no one over the age of 18 was seen at the immunization clinics. She said all patients were students of Wyoming County Schools.

Mr. Walker said the information regarding adults being seen came from the flyer, which stated that adults would be seen if time allowed. He said he thinks the van is a great idea, but his issue was the access to resources. He said the use of the County's website, call system, and social media, by any business is not right. He said he thinks all healthcare providers should be allowed to use the resources provided by the County. He said he thinks by working together, the partnership could be reinstated.

Mr. Prichard asked if there was any reason the Board could not enter into a Memorandum of Understanding with Tug River.

Mrs. Cline said that the Board had already approved this working relationship, but voted to discontinue the partnership at the last Board meeting. She said the only robo-call that has gone out was regarding the immunization clinic. She said nothing had gone out about the school-based mobile health units, because the agreement was revoked by the Board prior to getting to use them. She said due to COVID-19 school closure, they weren't able to start the mobile units last year.

Mr. Davis asked if this agreement had been brought before the Board.

Mrs. Cline said yes, the Board had approved allowing Tug River to provide the school-based mobile health units.

Mr. Davis said he did not remember this coming before the Board and could not find any record of it on an agenda.

Mrs. Cline said she wasn't sure if it was called a Memorandum of Understanding, but the Board did vote to approve an agreement with Tug River mobile units at Herndon Consolidated, Huff Consolidated and Road Branch Elementary and Middle Schools and this action was on a Board of Education agenda and in the Board of Education meeting minutes.

Mr. Stiltner and Mr. Prichard were both in agreement about it having been Board approved.

Mrs. Cline said when the immunization clinics were started, that action was indicated by the Board of Education, due to the Health Department's concern on students being properly vaccinated during the pandemic. She said that was also brought before the Board before proceeding.

Mr. Prichard said that Mrs. Cline has only presented this agreement as being a

positive service for the students of Wyoming County, and he said it was. He said Dr. Mike Muscari presented at the last Board meeting, stating that all healthcare providers deserved a level playing field with the Board. He said he feels that every person in Wyoming County can go to which provider they choose, if they can get there. He said the services provided from Tug River are for those that can't get to a provider.

Mrs. Cline said if Family Healthcare had mobile units, an agreement would have been established with them, as well. She said she was thrilled being able to provide quality healthcare to students that cannot get to a provider. She said there are so many students that live a considerable distance from any healthcare clinic, and its just not feasible for them to travel to a doctor, unless it is an emergency.

Mr. Stiltner said that he recalls the Board being very excited to be able to help provide healthcare for those students in need, as well.

Mrs. Cline said the Board was very excited to be able to help students with this type of need through the agreement with Tug River.

Mr. Prichard said this topic needs some details worked out, but it definitely needs revisited.

Mr. Lester said his understanding was that it would be revisited, as well. He said he understood that it was put on hold until further information could be gathered related to the agreement and services provided.

Mr. John Henry, Director of Student Services and Attendance, asked to address the Board. He said on the east end of the County, we currently have 84 students that do not have all necessary immunizations to attend school.

Mrs. Cline said these 84 students cannot participate in any public school activity. She said that includes in-person instruction, virtual instruction, and extra-curricular activities, as well. She said she has asked for a waiver from the West Virginia Department of Education concerning immunizations and the COVID-19 pandemic, and it was denied.

She said the immunizations are still required. She said she understands the State Department's decisions, and supports it, but the current pandemic has posed an increased problem with obtaining these vaccines.

Mr. Prichard said that the Board needs to work with Tug River and make them available for the people still needing immunizations.

Mrs. Cline said she will work with Tug River every way possible, but there is currently no agreement in effect between the two. She said Tug River has been nothing but accommodating to the Board's requests.

Mr. Prichard said Tug River wouldn't have to have an agreement with the Board to hold the immunization clinics unless it was located on Board property.

Mrs. Cline agreed.

Dr. Bailey said one of the issues with the mobile unit is connectivity. She said if there is cell phone service, then they will also have access to the needed wireless internet. She said there are many areas in the County that do not have reliable service. She said being able to use the schools' wireless internet in these locations was a huge help. Dr. Bailey said while administering vaccines, it is critical to access the State's online immunization database, to insure that a child is receiving all needed vaccines, as well as not receiving duplicates. She said she and the staff of the mobile unit log the vaccines as they are given on to the State's database.

Mr. Prichard said Dr. Mike Muscari said that Family Healthcare provides tens of thousands of immunizations. He said he doesn't understand how anyone could complain about Tug River providing vaccines to 61 students. He said he feels that the Board needs to do whatever is needed to help get these students their immunizations to attend school.

Mrs. Cline said the next Board meeting is not scheduled until Thursday, September 17, 2020.

Mr. Prichard asked if this could be added to the agenda for the special meeting scheduled Friday, September 11, 2020.

Mrs. Cline said that special meeting has been changed to September 25, 2020, due to a change in the WVSBA webinar training. She said another special meeting could be scheduled, prior to September 17, 2020, if the Board so desires.

Mr. Prichard said he feels like it needs to happen as soon as possible.

Mrs. Cline said she agreed and a special meeting date would be determined.

Mr. Stiltner said Monday, September 14, 2020, would be good.

All Board Members were in agreement.

Mrs. Cline a special meeting will be held on Monday, September 14, 2020, at 6:00 p.m., in the Board Meeting Room of Central Office.

**Consent Agenda A. Minutes, Board of Education Meetings: August 20, 2020, and August 31, 2020:** Mr. Prichard asked Mrs. Cline to present regarding Consent Agenda: A. Minutes, Board of Education Meetings: August 20, 2020, and August 31, 2020.

Mrs. Cline recommended the Minutes as presented.

**B. Extracurricular, Special, Fundraising and Bus Requests:** Mrs. Cline recommended the Extracurricular, Special, Fundraising and Bus Requests, as follows:

1) A request from Frankie Thomas for a professional day on September 22, 2020, to accompany 2020 graduates to take the Journeyman Electrician's Exam at the Beni Kedem Center in Charleston; and,

2) A fundraising request from Westside High School to sell football passes to raise funds for the football team.

**C. Budget Supplements and Transfers:** Mr. Prichard asked Mrs. Cline to address the Board regarding Consent Agenda: C. Budget Supplements and Transfers.

Mrs. Cline asked Mrs. Kim Cook, Chief School Business Official, to address the Board.

Mrs. Cook reviewed the proposed Budget Supplements and Transfers with the Board.

**D. Payment of Invoices:** Mrs. Cline recommended the Payment of Invoices as presented.

Mr. Davis made a motion, seconded by Mr. Lester, to approve the Consent Agenda, Items A., B., C., and D., as presented and recommended by Mrs. Cline, Superintendent. Passed with a 5-0 vote.

**School Safety and Security:** Mr. Prichard asked Mrs. Cline to present regarding School Safety and Security.

Mrs. Cline said there were no issues with buses today, the first day of school. She said everything went extremely well. She said the staggered entry has allowed for the new guidelines to be reviewed with students more carefully. She said the temperature check points went well. She said students had their temperature checked upon entering the bus, and again before entering the school, and there were no fevers reported. Mrs. Cline said the installation of a camera system at Central Office camera system will start within the next few weeks. She said while being frugal, a good system was able to be purchased and is needed.

Mr. Davis asked if lighting is needed around the facility.

Mrs. Cline said she and Mr. Hylton are also working on lighting, as it is not a very well lit area, currently.

Mr. Walker asked if the thermal imaging temperature screening systems have been installed in the high schools.

Mrs. Cline asked Mr. Henry for an update.

Mr. Henry said there was a delay in the shipping; however, they are expected to be installed within the next week. He said the company has insured that the systems will be installed as soon as they are received. He said, in the meantime, both high schools have been given extra handheld thermometers to screen students.

Mrs. Cline said the camera system at Oceana Middle School has recently received some repairs and upgrades, as well.

Mr. Stiltner said he has expressed this concern before, but would like to make it know again, that the high schools are starting too early. He said the high school bus goes past his house at 6:08 a.m., which is entirely too early.

Mrs. Cline said she would check with Mr. Hylton regarding this.

Mr. Prichard commended Mrs. Cline and the Central Office staff for a job well done on all resources sent out to Wyoming County families during the re-entry process.

There was a very thorough discussion of School Safety and Security.

**Review of Proposed NEOLA Policy Changes: A. Policy 0164: Notice of Meetings; B. Policy 0168: Minutes; C. Policy 1110: Establishment/Assessment of County Goals; D. Policy 2111: Parent and Family Involvement; E. Policy 2114: Meeting State Accountability Measures; F. Policy 2120: District and School Improvement; G. Policy 2120.01: Local School Improvement Council; H. Policy 2230: Program of Study Early Learning Programs Grades Pre-K -5; I. Policy 2230.01: Program of Study Middle Level Education; J. Policy 2230.02: Program of Study High School Program (Grades 9-12); K. Policy 226103: District and School Report Card; L. Policy 2412: Homebound/Hospital Instruction Program; M. Policy 2600: Educational Program; N. Policy 3120.12: Substitutes in Areas of Critical Need and Shortage; O. Policy 3122: Nondiscrimination and Equal Employment Opportunity; P. Policy 3217: Weapons; Q. Policy 3420: Benefits; R. Policy 4120.01: Food Service Personnel; S. Policy 4122: Nondiscrimination and Equal Employment Opportunity;**

**T. Policy 4130: Assignment of Transfer of Service Personnel; U. Policy 4160.02: Physical Examination for School Bus Operators; V. Policy 4217: Weapons; W. Policy 4220: Staff Evaluation; X. Policy 4420: Benefits; Y. Policy 5113: Open Enrollment for Nonresident Students; Z. Policy 5113.02: School Choice Options; Z.1: Policy 5330: Use of Medications; Z.2: Policy 5500: Student Code of Conduct; Z.3: Policy 5772: Weapons; Z.4: Policy 6114: Cost Principles - Spending Federal Funds; Z.5: Policy 6153: Collection Policy for Outstanding Participant Meal Accounts; Z.6: Policy 6325: Procurement - Federal Grants/Funds; Z.7: Policy 7217: Weapons; Z.8: Policy 7440.01: Video Surveillance and Electronic Monitoring; Z.9: Policy 8600: Transportation; Z.10: Policy 8600.04: Bus Operator Certification; Z.11: Policy 8640: Transportation for Curricular/Co-Curricular and Extra-Curricular County-Sponsored Trips; Z.12: 8660: Transportation of Students by Private Vehicle:** Mr. Prichard asked Mrs. Cline to address the Board regarding Review of Proposed NEOLA Policy Changes.

Mrs. Cline said NEOLA provides policy updates to the Board on a regular basis. She asked Ms. Rebecca Cooke, Assistant Superintendent of Elementary and Middle Schools, to address the Board.

Ms. Cooke provided the Board with a copy of the proposed policies that were in the packet. She said NEOLA provides policy update suggestions to the Board at least twice a year, or as needed. She said the proposed revisions come from legislation changes. She said some changes are very minor, but they are recommended by NEOLA. Ms. Cooke said some changes are optional and some are required. She reviewed the changes with the Board members and told them that the proposed changes would be place on the next regular Board meeting for consideration.

Mr. Prichard asked who from Central Office had reviewed the proposed changes.

Ms. Cooke said she is the only one that has worked on the current proposed changes to policy. She said Mrs. Cline is contacted about any that regard the

Superintendent.

Mrs. Cline said NEOLA follows the law regarding changes. She said NEOLA has lawyers that vet each suggestion or recommendation, and they follow State law and mandates.

Ms. Cooke said NEOLA was contracted to take care of necessary policy revisions to insure that the County policies were kept current. She said there is currently one policy that is still being revised. She said this policy is being reviewed by several Central Office staff. She said it is the Title IX policy and will be presented to the Board in the near future.

Mr. Davis said that he is noticing a change in the policies language, changing county to district. He said that is worrisome. He asked if there was cause for concern.

Mrs. Cline said she had discussed this with the Board some time ago, as it is a concern.

There was a thorough discussion regarding proposed policy changes.

**Summer Feeding Update:** Mr. Prichard asked Mrs. Cline to present regarding the Summer Feeding Update.

Mrs. Cline asked Mrs. Virginia Ann Martin, Director of Child Nutrition and General Wellness, to address the Board.

Mrs. Martin provided the Board with a handout regarding the Summer Feeding Program. She said there had been revisions made since the packet was distributed. She said since the school closure on March 13, 2020, due to the pandemic, 661,696 meals have been served to Wyoming County students.

Mr. Prichard asked if accommodations were made to help students that live in outlying areas.

Mrs. Martin said there were some families that needed help getting the meals. She said different agencies and individuals helped with deliveries, as needed, once the bus deliveries stopped. She reviewed the requirements for the Summer Feeding program with

the Board. She said a lot of hard work and dedication was shown by Wyoming County Schools' staff. She said she is thankful for everyone working together to help students during this time. Mrs. Martin said students enrolled in virtual learning will be able to pick up the meal packs, containing 5 breakfasts and 5 lunches, on Wednesdays throughout the school year.

Mrs. Cline said this program was very successful. She thanked Mrs. Martin for her hard work with the program.

**Consideration of Bids Received: Cleaning Supplies:** Mr. Prichard asked Mrs. Cline to present regarding Consideration of Bids Received: Cleaning Supplies.

Mrs. Cline asked Mr. Donald Clay, Director of Operations and Facilities, to present to the Board.

Mr. Clay said two companies bid on the cleaning supplies. He said one company only bid on approximately 12 - 15 items. He said the other was Southeastern Chemical Company. He said Southeastern Chemical was the low bid on nearly every item. He said they have more products available and are located in Beckley.

Mrs. Cline said the other company simply just didn't bid on enough of the needed items to be considered.

After a thorough discussion, Mr. Lester made a motion, seconded by Mr. Walker, to approve Southeastern Chemical Company as the primary supplier of cleaning supplies for Wyoming County Schools, as presented and recommended by Mrs. Cline, Superintendent. Passed with a 5-0 vote.

**Wyoming County Schools COVID-19/Coronavirus Plan of Action/Update:** Mr. Prichard asked Mrs. Cline to present regarding Wyoming County Schools COVID-19/Coronavirus Plan of Action/Update.

Mrs. Cline said Mr. John Henry, Director of Student Services and Attendance,

continues to do a tremendous job communicating and working with the Wyoming County Health Department. She asked Mr. Henry to address the Board.

Mr. Henry said according to the color matrix from the West Virginia Department of Education, he said Wyoming County is yellow. He said on the daily color-coded map provided by West Virginia Department of Health and Human Resources, Wyoming County is now green. He said how the County operates schools is based on the map distributed by WVDE on Saturday night's. He said the daily map distributed by DHHR is for information only. Mr. Henry said there are currently 71 confirmed cases in Wyoming County. He said of those 71, 63 have recovered, and 7 still remain active.

There was a thorough discussion of Wyoming County Schools COVID-19/Coronavirus Plan of Action/Update.

**Personnel List:** Mr. Prichard asked Mrs. Cline to present regarding the Personnel List.

Mrs. Cline said Ms. Stacey Lusk, Director of Personnel, is in attendance and can answer any questions regarding the Personnel List.

After a thorough discussion, Mr. Davis made a motion, seconded by Mr. Stiltner, to approve the Personnel List as presented and recommended by Mrs. Cline, Superintendent. Passed with a 5-0 vote.

## **PROFESSIONAL:**

### **ELEMENTARY TEACHERS**

#### **A. Resignation:**

Robyn E. Bailey, Elementary Education Teacher, Huff Consolidated Elementary and Middle School, effective September 2, 2020

### **EXTRA DUTIES**

A. Recommended for Appointment:

Darrick L. Kenneda, 6<sup>th</sup> - 8<sup>th</sup> Grade Boys Basketball Coach, Baileysville Elementary and Middle School, effective September 9, 2020

Scott E. Cook, Volunteer Football Coach, Wyoming East High School, effective August 17, 2020

C. Scott Cook, Volunteer Football Coach, Wyoming East High School, effective August 17, 2020

Gary L. Poindexter, Volunteer Football Coach, Wyoming East High School, effective August 17, 2020

Taylor W. Smith, Volunteer Football Coach, Wyoming East High School, effective August 17, 2020

Stacey M. Lusk, Volunteer Volleyball Coach, Wyoming East High School, effective September 8, 2020

B. Resignation:

Kellie J. Knotts, 6<sup>th</sup> - 8<sup>th</sup> Grade Cheer Coach, Glen Fork Elementary and Middle School, effective September 1, 2020

**SERVICE PERSONNEL:**

**BUS OPERATORS**

A. Resignation:

Carla J. Osborne, Bus Operator, Extracurricular Run, Westside High School, AS NEEDED, AM Vocational Run, Westside High School to Career and Technical Center and from Career and Technical Center to Westside High School, effective September 2, 2020

**SUBSTITUTES:**

**Cooks**

Elizabeth A. Morgan, remove per her request

**Items for Future Agendas and Announcements:** Mr. Prichard reminded the Board

of the next regularly scheduled Board of Education Meeting set for Thursday, September 17, 2020, at 10:00 a.m., at Central Office.

Mrs. Cline said a Special Meeting will be held on Monday, September 14, 2020, at 6:00 p.m., at Central Office, at the request of the Board, regarding the agreement between the Wyoming County Board of Education and Tug River Health Association.

Mr. Lester made a motion, seconded by Mr. Walker, to adjourn. Passed with a 5-0 vote.
